12/8/14	5	Okay I placed the order for this item last week on the 4th, Thursday, in the evening no less. Today is the 8th, Monday. And the laptop I ordered for a friend of mines, is now sitting on my lap and I'm currently updating it. This was beyond fast in speed. And there's no issues at all! Works perfectly! Major props to you for speedy delivery! RESPOND	Yes	Yes	-	113-6022284-5221035	Joseph Welch	Buyer
11/12/14	3	Misrepresented the cosmetic quality of the laptop. It was advertised at "very good", but if fact the surface has a lot of significant and very noticeable scratches. Also the computer smells heavily of smoke. However, it works fine as of now. RESPOND	Yes	No	-	111-7375558-4329825	Galina	Buyer

12/17/13	1	Worst seller ever. First they sent me a defective item. Then they lied and said that they initiated my refund when they did not. It took a month and numerous emails to get them to refund my money. They still haven't reimbursed me for the \$10 I had to spend to ship the item back to them. Awful. Awful. Awful. RESOLVE	Yes	No	No	115-2174116-8139419	michael smith	Buyer	
		Your Response: Item was not defective. Payment was refunded. We do not pay for returns unless item was defective. Buyer was abusive, and sent nasty emails. Beware! REMOVE RESPONSE

12/30/12	4	Works great. can't beat the price, and it arrived on time. The only reason i didn't give it 5 stars is because it came with a CD RW and not a DVD as advertised ... 8/9/11	3	Item received was not new. It had black marker writing on it identifying it for the IT dept. of a local University. Looked like stolen property. Seller said it was not stolen, just that they didn't check all items in the box that they received as part of a recycle program from the school. I keep item. Seems to work. Not worth re-shipping.
